

PBPS Reports for CLI-R Reporting

CONTENTS

How to run a Program Report (Detail)	1
How to run a Services by Activity Report (With Narrative).....	3
How to run a Participant Demographic Report.....	5
How to run a Participant Attendance Report for Sector Representation (Question 25).....	7

The Partnerships for Success (PFS) Community Level Instrument- Revised (CLI-R) cross-site data collection tool has been released and is now available online in the PEP-C MRT <https://pep-c.rti.org/>

- Your log-in: your email address
- Password: provided by the noreply@pep-c.rti.org email

The data is due for the CLI-R reporting period by 5:00PM January 11, 2016th

The due CLI-R reporting period is:

- April 1, 2015 - September 30, 2015

NOTE: If you don't have direct or environmental services to enter that were supported with PFS funds, but your coalition is a PFS subrecipient, you will still need to complete each report for each period. However, you will have fewer questions to answer.

There are **three (3) primary reports that the PBPS currently supports that will assist you** to complete the PFS CLI-R report. (Remember to run each report for each time period in which you are reporting.) These are all reports that you are probably familiar with. We've identified them as the key reports that will help you answer many of the CLI-R questions.

In the 2013-2015 PBPS <https://waprev.kithost.net/waprevent2013/pEnter.aspx> and you will also need to access the current 2015-portal <https://waprev.onmosaix.com/waprevent2015/pEnter.aspx> to generate the following reports: **Program Report; Services By Activity (with Narrative); and Participant Demographic Report.**

Getting Started

Launch "Getting Started" Help This tool will guide you through some initial steps of using KIT Prevention Service.

Prevention News

1. Click on County/Tribe link,
2. Then click **Select** button on **Program Report** from the list of choices offered at the bottom of screen.
3. Select the Program name that you wish to run a program detail report for from the dropdown,
4. Click on the PDF button in the “**Output To:**” section below the program you selected.
5. Click **Show Report**. (You might have to hold the Ctrl button on your keyboard to generate the PDF – keep holding Ctrl until the PDF blinks in the tool bar at the bottom of your screen, and be sure your computer allows pop-ups from this website.)
6. Print the PDF and save to your computer if you wish.
7. Repeat and Generate a Program Report for all programs that you support with PFS

10. You will enter aggregate program service data per program per reporting period into the CLI-R so you may have to do some manual tallies for specific questions, but this report will help you answer many of the intervention implementation questions.

The screenshot shows a web form for generating a report. The 'Program' dropdown menu is set to 'All' and is circled in blue. Below it, the 'Output To:' section has three radio buttons: 'Report Service', 'PDF', and 'Excel'. The 'PDF' button is selected and circled in blue. To the right of these buttons is a 'Show Report' button, also circled in blue. Below the 'Show Report' button, there is a small green text link that says 'Click [here](#) for help if your PDF or Excel report is not appearing.'
