

SAP / PI Qualifications

Professional Certification Requirements:

- an educational staff associate who holds certification as a school counselor, school psychologist, school nurse or school social worker under Washington professional educator standards board rules adopted pursuant to RCW 284.410
- or is a Certified Prevention Professional (CPP) or Chemical Dependency Professional (CDP)

If a new hire does not have any of these certifications, ESD submits a waiver to OSPI:

- qualifications for the position
- professional development plan
- supervision plan

Expectation is SAP / PI will complete certification within the year.
